DECLARATION REGARDING DEPOSIT
OF BIOLOGICAL MATERIALS

*Considered
ECW 4-21-88*
Sir:

I, Sharon J. Busby, do hereby declare as follows:

(1) I am presently employed as a Senior Scientist with ZymoGenetics, Inc. of Seattle, Washington, the Assignee in the above-identified application, and am familiar with the deposit of biological materials by ZymoGenetics.

(2) That a deposit of biological materials designated FVII (565-2463)/pDX has been made with the American Type Culture Collection (ATCC) as described in my declaration dated September 2, 1987.

(3) That the designation FVII (565-2463)/pDX (ATCC Accession No. 40205) on the ATCC form and in my previous

declaration was a typographical error, and that the correct designation should have been FVII (565+2463)/pDX.

(4) That the plasmid designated FVII (565+2463)/pDX will be available to the public under ATCC Accession No. 40205 upon the granting of a patent corresponding to the above-identified application, and that all of the statements recited in my declaration of September 2, 1987 apply to the plasmid designated as FVII (565+2463)/pDX within the subject application.

I further declare that all statements made herein of my knowledge are true and that all statements made on information and belief are believed to be true; and further, that these statements were made with the knowledge that the making of willfully false statements and the like is punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and may jeopardize the validity of any patent issuing from this patent application.
